

USING CHEMICAL PRODUCTS IN COMPLETE SAFETY

Many incidents and accidents are reported when using or handling chemical products. Through its REDUCE Risks programme, the Manitou Group aims to inform and ensure you are aware of the best practices for using these products in complete safety.

OXIDIZING

Burns other substances. Keep well away from any sparks or sources of heat for combustible products.

COMPRESSED GAS

Container for compressed gas. Handle with care.

CORROSIVE

Corrodes objects and damages skin. Handle with care.

HARMFUL

Dangerous in case of contact. Handle with care.

ENVIRONMENTAL HAZARD

Kills animals and plants. Do not dispose of in sinks or toilets. Place in a special container after use.

EXPLOSIVE

May explode. Be careful of any impacts. Keep well away from any sparks or sources of heat.

HEALTH HAZARD

Handle with care. Wash your hands thoroughly after using the products.

TOXIC

Deadly poison, acutely toxic. Do not touch unless necessary. Handle with care.

FLAMMABLE

Keep well away from any sparks or sources of heat and oxidizing products.

RECOMMENDED

PPE

(PERSONAL PROTECTIVE EQUIPMENT)
when handling any chemical products.
